

2018 Project WET Workshop

Presented by

School Water Education Program

Solano Resource Conservation District

When is the 2018 Workshop?

February 24, 2018

Where is the 2018 Workshop?

The Dunnell Nature Center in Fairfield from 8am to 3:30pm

What is Project WET?

The Project W.E.T. curriculum is for K-12 classrooms, water themed, hands-on, STEM-friendly, multi-disciplinary, engaging and enriching, and aligned with Common Core & Next Generation Science Standards.

How can we meet your curricular training needs in 2017-2018?

This workshop will focus on water education for Solano County teachers. Administrators, curriculum coaches, and other support staff are welcome.

The workshop will feature a Solano County water resources specialist who will provide information about our local water resources. The California Project WET Coordinator will co-facilitate with Wendy Low of Solano RCD.

Who may attend?

ANY Solano County educators! *\$50 teacher stipend for the first 20 teachers!*

Teacher Teams

- ▶ S.T.E.A.M./S.T.E.M. Departments
